Competency Based Training

All training is based on the principles of Competency Based Training. Delivery and assessment will involve students accomplishing tasks required to demonstrate competency in any given unit. Students will be provided with every opportunity to demonstrate that they can carry out required tasks.

If a student is deemed as "Not Yet Competent" in any unit they will be provided with further attempts to demonstrate competency. This should be within one month of the initial assessment. Timing and location of the re-assessment attempt must be negotiated with your trainer. The trainer should provide the student with relevant feedback on the areas that need further work.
